IncentViz

NEW FEATURES 2024

ENHANCEMENTS EXTEND INCENTVIZ VALUE EVEN FURTHER

Our 2024 release of IncentViz brings even more functionality to this game-changing solution. Now, managing variable compensation is easier than ever. We have listened to customers and added features they told us they wanted: More control over how reports are shared, more ways to track Burdens and Draws, more ways to define Quota Credits and determine when payments will be triggered. These features, and more, help you streamline commission management, saving time, ending headaches.

✓ ACCOUNTING

- **NEW** ▶ Recalculations can now happen in the background so you can continue to work while files are updating.
- **NEW** ▶ Reports are now recorded in the Background Task Log for easier look-up.
- **NEW** ▶ More transactional details available for analysis.

✓ MANAGERS

- **NEW** ▶ Now you can configure a Recoverable or Non-recoverable Draw for agents.
- **NEW** ▶ Alter payouts with new carryover Burdens and recurring Deductions.
- **NEW** ▶ Determine what triggers full or partial payments to be made to agents.

✓ SALES

- **NEW** ▶ Multiple Quota Credits can be defined and associated with its parent Quota allowing for more complex plans.
- **NEW** ▶ Pre-defined priority hierarchy determines the proper Quota Credit to be applied.

About us

For nearly 40 years Single Source Systems has been helping companies enhance their operations through technology and proven business insights. We are a long-time Infor Channel Partner, thoroughly familiar with the archtecture of their solutions for smooth integration of IncentViz to Infor ERP solutions.
